Why blessing bags?

Blessing bags are a small way to give a lot. For some, Blessing bags have really changed the world.

What are blessing bags?

A small package full of things people might need. Blessing bags ~~mean~~ are often used to give homeless people a ~~small~~ boost, though for this project we want to help give our fellow students a helping hand. We hope to use these to help the AMES Population feel more like a family, because in recent years some students have noticed that community is struggling.
